Chapter 2

CHAPTER 2: OBTAINING A SCHOOL PUPIL TRANSPORT CERTIFICATE (7D)

7D Driver Certificates: A special certificate is required by M.G.L. c.90, Sec. 8A 1/2 to operate a 7D vehicle. An applicant for a 7D certificate must be at least 21 years of age and have had a driver’s license for three (3) continuous years immediately prior to application. The applicant must pass a CORI (Criminal Offender Record Information) check, pass a SORI (Sex Offender Registry Information) check, have a satisfactory driving record, be of good moral character, and pass an eye exam, a physical exam, and a written knowledge exam.

Note: Operators who hold an active school bus certificate issued by the Department of Public Utilities (DPU) may operate a 7D vehicle without a 7D certificate.

An applicant is ineligible if he or she has been convicted of rape, unnatural acts, sodomy, or the use, sale, manufacture, possession with intent to distribute or trafficking of any controlled substance listed under M.G.L. c. 94C, Sec 31, or if convicted of operating a motor vehicle while under the influence of intoxicating liquor, or of marijuana, narcotic drugs, depressants or stimulant substances, as defined in M.G.L. c. 94C, Sec 1 or the vapors of glue within the preceding five year period under the provisions of Sec. 24. The RMV may deny a 7D certificate to a person who has a driving history that demonstrates an inability to safely and responsibly transport school pupils. Additionally, an applicant may be ineligible for a 7D certificate if he or she does not meet certain minimum medical standards. The RMV has medical policy statements applicable to all persons applying for a School Bus or a 7D Operator's Certificate. These can be found in Appendix B and include vision, diabetes, epilepsy, and cardiovascular/respiratory disease. A 7D certificate is valid for one (1) year from the date of issuance. A 7D operator must carry such a certificate on his/her person at all times while operating a 7D vehicle and must be able to provide such certificate when requested by either law enforcement or RMV personnel.

While Transporting Pupils

You must conform to the following rules regarding transport of pupils:

- The School Bus sign must be in the upright position.

- **Drivers are prohibited from:** smoking, consuming alcoholic beverages, refueling, using a cellphone, or any other activity that may interfere with the safe operation of the vehicle. Operators are required to wear a safety belt at all times during vehicle operation. Doors should be firmly closed and locked when transporting school pupils.

- Drivers should assist pupils who require assistance when entering and exiting the vehicle. The operator must wear safety belts at all times during operation and all passengers must be properly restrained as set forth in M.G.L. c. 90, Sec. 7AA (see Appendix A) and Sec. 13A.

- The driver must not leave the vehicle unattended while pupils are in the vehicle. This does not apply when a driver leaves the vehicle to assist pupils in entering and exiting the vehicle.

- Only the driver may occupy the driver’s seat.

Approaching, Boarding, Seating, & Unloading Pupils

Your responsibility to a pupil starts some distance from a stop. Approach a designated pick-up area with extreme care.

- While passengers board or exit your vehicle, school bus red signal lights must flash continuously.

- Direct or assist pupils immediately to their seats.

- Before deactivating school bus red signal lights, make sure all passengers are safely seated and properly restrained. M.G.L. c. 90, Sec. 13A requires that both the driver and passengers wear safety belts in school pupil transport vehicles. For children age 12 and under, the requirements of the child passenger restraint law, M.G.L. c. 90, Sec. 7AA apply.

- You are expected to maintain order. If a pupil presents a disciplinary problem, the pupil should be reported to the appropriate authorities according to procedures established by your employer.

- When unloading pupils, you are responsible for their safety as they cross the road. Always make sure pupils cross in front of the vehicle and make certain that school bus red signal lights are flashing.

- If you must leave the vehicle to assist a pupil, first secure the emergency brake, shut off the engine, and remove the ignition key.

- Operators must perform a post-trip inspection. Be sure to check for any pupils left on the vehicle.
